

# Southwest Fun Run League

The idea of a fun run league is to create circle of clubs that enjoy running against each other just for fun.

Each club would organise race 5 or 10K (or any shorter distances) that does not require road closures or the usual road race paraphernalia. The hosting club would provide time keepers and other helpers but it may emerge that there is a regular pool of volunteers to help each club.

To add a little competition - at the end of the season an Annual Trophy would be awarded to the winning team (+ small copy to keep)

- Usual race scoring: 1 point for first home, 2 for second and so on
- The first 4 runners from each club would score but teams are not limited to 4.
- The team with the lowest number of points at the end of the series is the winner.
- Clubs will be encouraged to stamp their own identity on the race they host.
- Each club will have one vote in resolving issues or adoption of new ideas or rules.
- Club representatives will be asked to co-operate on creating a calendar of events.
- Races can be any day of the week & even a regular club night.
- Runners have to run in club 'colours' to aid the scoring.
- Any other ideas.....

If your club is interested in being a member of the Fun Run League in 2016 please contact:-
